

CALGARY WALDORF SCHOOL

Options for Reducing Tuition Fees 2022-2023

The Calgary Waldorf School is committed to providing an inclusive environment where all families wishing to have a Waldorf education for their children feel welcomed and valued as members of our school community. The School charges tuition fees to cover the basic annual operating costs of the school's programs. In addition, we raise funds through donations and special events for several initiatives such as specialized programs (Eurythmy, Learning Support), Waldorf Teacher Training, and a Tuition Assistance Fund to help families who need assistance to pay their tuition fees.

We know that many families in our school community must stretch their resources, make choices, and be creative about earning additional income in order to pay their fees. However, even with these efforts, some families' earnings may not be sufficient to cover the School fees. It is our goal to help families who are in this position to stay as part of our school community, and to help remove the financial barriers for new families wishing to join our school community.

1. Calgary Waldorf School Tuition Assistance Fund

The Tuition Assistance Fund is supported by an allocation of 1% of tuition fees and a portion of the proceeds from our School's fundraising activities such as special events, the Annual Giving Campaign, and the profits from our school store, the Pixie Hut. The Tuition Assistance Fund also annually receives 5% of the total amount of an Endowment Fund held in our School's name at The Calgary Foundation. The Endowment Fund has a current capital amount of \$1,119,951 and has been made possible by the very generous contributions from an anonymous donor as well as donations received for this purpose through our Annual Giving Campaign. Currently the School grants \$180,000 in Tuition Assistance per year, which helps reduce fees for approximately 25% of our students.

Who Can Apply for CWS Tuition Assistance

The amount of assistance granted to each family is based on financial need, family size, the current year's budget, the number of applicants and family commitment to the school. Extenuating circumstances are also taken into consideration. Grants vary from year to year depending on the available funds and the pool of applicants but, in general, a family of four people with a combined annual income up to \$100,000 (gross) may qualify for some assistance. Families who qualify for assistance may receive a 10% to 50% reduction in their fees.

3. Parents’ Choice Bursary Program

An initiative of The Prosser Foundation for low income families enrolling in Kindergarten or above in an independent school. The Foundation selects families giving priority to students entering the school for the first time at the qualifying level. To be eligible, the family must meet current government criteria for being classified as “low income”. Once a family is selected, the bursary covers 50% of tuition costs, up to a maximum of \$4,000 (up from \$3,500 in previous years) per year per child, paid directly to the School. This bursary will then be continued up to Grade 12, as long as the family remains financially eligible. More information and the Application Form can be found on their website: www.theprossercharitablefoundation.ca. Under News/Events you will find a guideline for incomes considered eligible for the grant. Please contact Cari Vaughan, Financial Manager at our School, if you would like to pursue an application for the Parents’ Choice Bursary Program. Applications (and annual renewal applications) must be submitted to the School by March 1st and the School will forward them to The Prosser Foundation. Applications submitted directly to the Prosser Foundation will automatically be disqualified.
